Meetings

2/22

- Worked to define the scope and approach of the workgroup
 - Chose to follow the same overall approach as the metals and potency workgroup
- Decided to review, approve and adapt a non-MS and MS method for Residual Solvent analysis
- Review, approve, adapt an method(s) for prep

3/9

- Discussed the calculations of total alkanes/Xylenes
- Reviewed EPA 8015D (NONHALOGENATED ORGANICS USING GC/FID)

3/25

- Continue our discussion on total alkanes/Xylenes
- Will review EPA 5021 (VOLATILE ORGANIC COMPOUNDS IN VARIOUS SAMPLE MATRICES USING EQUILIBRIUM HEADSPACE ANALYSIS)
